## Foreword

The Tafea Provincial Statistics Office through the Vanuatu Bureau of Statistics (VBoS) is pleased to publish its First Provincial Statistical Indicator (PSI) report.

Statistics is very important in the socio-economic development and planning process in every country; as such for Vanuatu. In 2016, Vanuatu initiated a National Sustainable Development Plan (NSDP 2016 – 2030) which consists of the economic, social and environmental aspects of the livelihood of the people of Vanuatu. This report will greatly contribute to the monitoring of the progress of the NSDP at the provincial level.

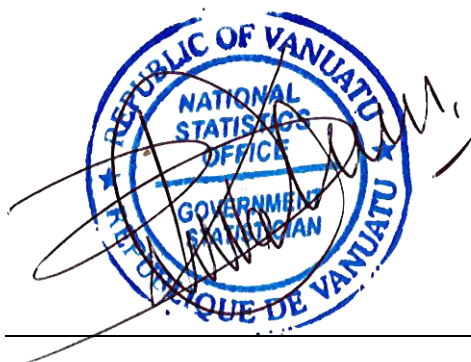

A snapshot analysis of the indicators was from the province of Tafea. Detailed information on different topics and tables of special interest can be obtained from other publications or directly from other VBoS reports and databases.

VBoS will continue to work on this same report for other provinces, and ensure that the report is compiled on an annual basis. The purpose of this report is to provide a basic overview about the Socio-Economic status of Tafea with emphasis on administrative data to:

- provide a general overview of the vast amount of detailed information that is available at the provincial level;
- generate interest and desire for more sub national information, for decision and policy makers especially at the provincial level, and
- enhance the decision-making process at the provincial level and sub provincial level.

I would like to thank all stakeholders who have made contribution towards the entire compilation of this report. It is a collective effort and we will continue to work together in the future to improve on our reporting in terms of quality data collected. The Tafea Provincial Technical Advisory Commission (TAC) is acknowledged in this regard.

I am especially grateful for the initiative, the leadership, the enormous amount of work for the collection, by the Data Collection and Management (DCM) and social section officers.

---

Benuel Lenge  
Chief Statistician  
Vanuatu Bureau of Statistics

## Acknowledgment

The Tafea Provincial Statistics Office through the Vanuatu Bureau of Statistics (VBoS) acknowledges the following who contributed greatly to the successful completion of this Provincial Statistical Indicator (PSI) report:

- Firstly, the VBoS staff for their tireless contributions and effort to ensure the 1<sup>st</sup> edition is possible.
- Secondly the key stakeholders: Tafea Provincial Government, Vanuatu National Provident Fund, Utilities and Regulatory Authorities, Tanna Coffee and Fish Market, Vanuatu Copra and Cocoa Exports, Department of: Tafea Police, Tafea Court House, Tafea Health, Education, Cooperatives and Customs and Inland Revenue for providing valuable information used in the analysis of this report.
- Last but not least the members of the Tafea TAC for their feedbacks and endorsement.

# Summary of Key findings

## Population & Youth

The population of Tafea Province is **45,714**

**50% (22,862)** are Male

**44% (20,078)** aged less than 15years old

**50% (22,851)** are Female

**6% (2,699)** aged over 60years old

Youth population (12-30years) accounts for **14,922** of young people

## Area Council Population

North Erromango	947	842
South Erromango	383	387
Aniwa	216	253
North Tanna	2,327	2,374
West Tanna	6,643	6,578
Middle Bush Tanna	3,426	3,467
South West Tanna	3,241	3,281
Whitesands	3,770	3,894
South Tanna	803	797
Futuna	304	266
Aneityum	802	711

## Government Finance Statistics (GFS)

The total Government revenue collected for the period 2015 to 2020 was **188,376,505**. However the highest record was in 2019 representing **24% (45,831,357)** of the total revenue.

## Health

**708** birth deliveries in 2019 to 2020

## Education

Student Teacher's Ratio  
 ECCE: **11:5**  
 Primary: **34:5**  
 Secondary: **33:1**

## Employment

Total contributing members in Tafea Province for 2015 to 2020 stood at **25,745**

## Energy Consumption

Total energy consumption stood at **758kwh** compare to **1,394kwh** in 2019.

## Cooperatives

A total of **63** registered active coops in 2020 in Tafea Province; Savings & loan with the highest as represented by **37%** compare to the least which is handicraft coop with **3%**.

## Justice

Domestic violence being the highest with **41.5% (247)** for the period 2015 to 2019 followed by Criminal with **33.6%** while coronial, enforcement and matrimonial with the least share of **0.2%** of crimes committed.

## Passport & Driving license

Passport collect up to **28%** of the government revenue in 2019 compare to **15%** in 2020; while **288** driving license issued in 2020.

## Business

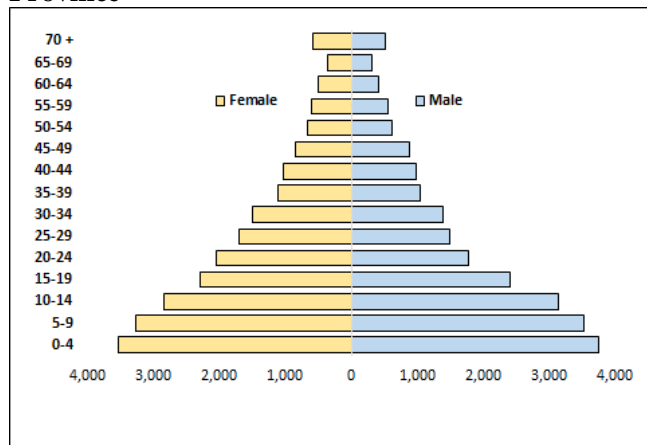

A total of **1,556** entrepreneurs in Tafea province of which **1,517** were female and 39 male in small scale-business in 2020.

# Population

## 1.1 Population of Tafea Province

The 2020 National population and housing census recorded 45,714 people were living in private households in Tafea province of which 50% were male and 50% female. Key feature of the Tafea population is that it has a young age structure with 44% of the population aged under 15 years and only 6% aged 60 years and over as shown by the population pyramid.

**Figure 1. 1: Population by sex and age, Tafea Province**

Source: 2020 National Population and Housing Census

## 1.2 Population Density

Density is a good indicator of how population is distributed by area. A number higher than 12 persons per km<sup>2</sup> shows that the area is crowded.

Tafea province has a total land area of 1,627.779 km<sup>2</sup> and a total population of 45,714 according to the 2020 population and housing census. This means that the average population density for Tafea province was 28 people per km<sup>2</sup>, an increase by two persons, from 23 people per km<sup>2</sup> in 2016.

**Table 1. 1: Population Density by islands, Tafea Province, 2020**

Island	2020 Population Density (km <sup>2</sup> )
Erromango	3
Aniwa	56
Tanna	72
Futuna	56
Aneityum	10
<b>Total (Tafea) Province</b>	<b>28</b>

## 1.3 Sex Ratio

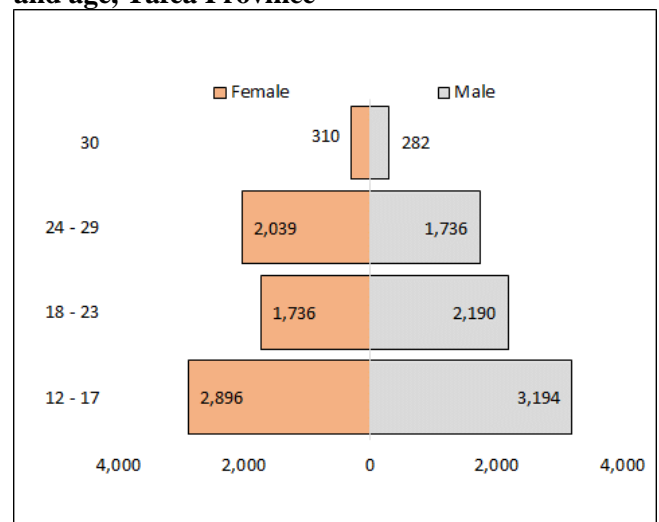

Differences between the number of males and females can be measured using the sex ratio. In 2020, the sex ratio for Tafea province was 100:100, meaning that there are 100 males for every 100 females. It also means that there are equal number of males to females in Tafea.

# Youth

## 2.1 Youth Population

The age group of 12-30 years is used in the National official youth policy and accounts for 14,922 of young people in Tafea Province. According to the 2020 Population projections 49.6% (7,403) were males compared to 50.4% (7,519) females. The youth population represents 32% of the total population of Tafea province.

**Figure 2. 1: Youth population projections by sex and age, Tafea Province**

Source: 2020 National Population and Housing Census

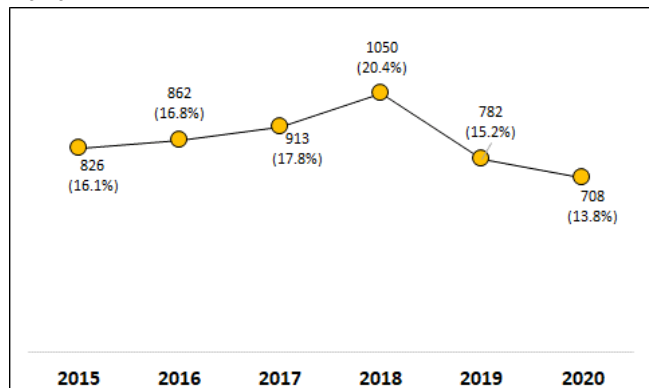

## Health

### 3.1 Deliveries (Births)

Total deliveries recorded the highest in 2018 from health centers/dispensaries representing 20.4% (1050 births) compare to a declining trend in 2019 and 2020.

In 2019 a decline of 15.2% (819) total births followed by 13.8% (708) in 2020.

**Figure 3. 1: Total birth deliveries in Tafea, 2015 - 2020**

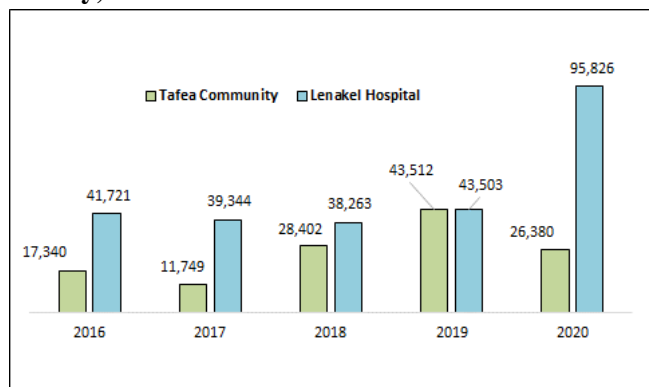

Source: Tafea HIS

### 3.2 Outpatient Consultations

Total outpatient consultations for all health facilities for Tafea Province in 2020 increased by 3% or 105,074 more consultations than the previous year. Tafea Community contributed greatly to this increase recording 95,826 consultations, an increase of 52,323 consultations. This indicates that more people visit the Lenakel Hospital more than community health centres.

**Figure 3. 2: Tafea outpatient consultations by health facility, 2016 - 2020**

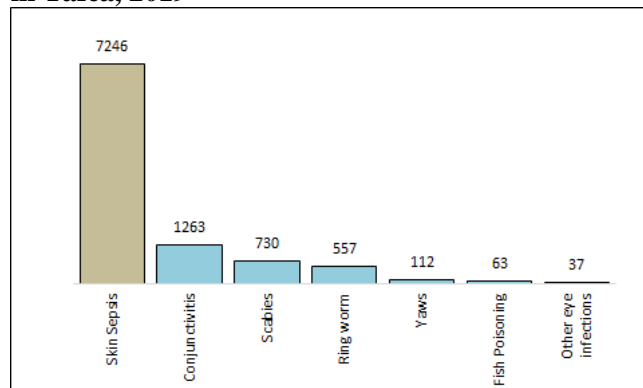

Source: Tafea HIS

### 3.3 Environmental diseases

Environmental health conditions in 2019 presented that 72 % (7,246) of people were infected with skin sepsis, which was the highest percentage of people, Infected than any other environmental diseases in Tafea Province, followed by Conjunctivitis at 13%. On the other hand, the Fish poisoning and eye infections made up less than 1% of the overall environmental health conditions.

**Figure 3. 3: Total environmental health conditions in Tafea, 2019**

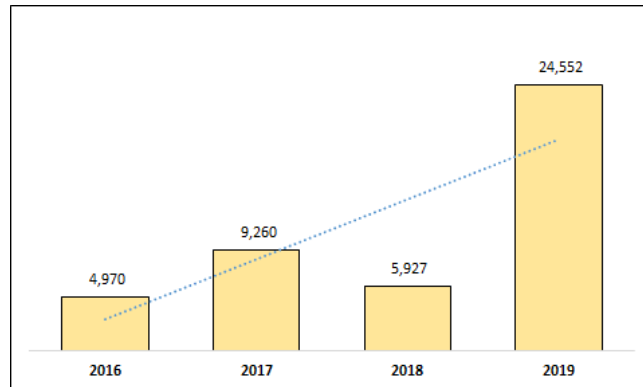

Source: Tafea HIS annual reports, MoH

## Birth Registration

The highest Total birth registered was recorded in 2019 with 24,552 registered births which highlights a high increase in the number of birth registrations compare to the past 3 years. In the last 3 years no significant trend on birth registration has been identify. However, 2017 recorded a total of 9,260 while a decline 5,927 was recorded in 2018.

**Figure 4. 1: Total birth registration in Tafea Province**

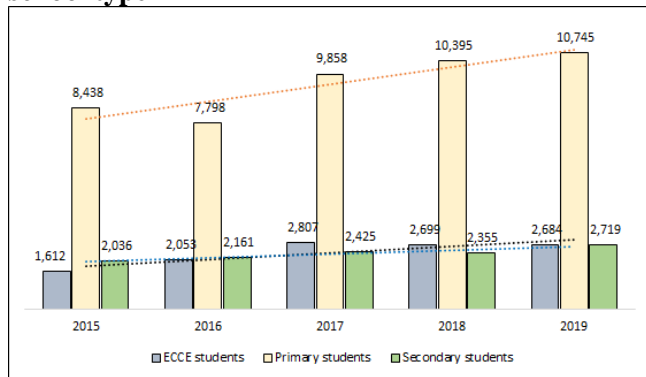

Source: Civil status (Tafea)

**5.1 Total number of students in Tafea by School type**

By education level, the Primary education stood very high throughout the five years (2015 to 2019) recording 10,745 which is the highest number of students in 2019 followed by secondary school students with 2,719 students, ECCE with 2,684 students. Primary students are increasing as shown in 2019 compare to all the previous years.

**Figure 5. 1: Total number of students in Tafea by school type**

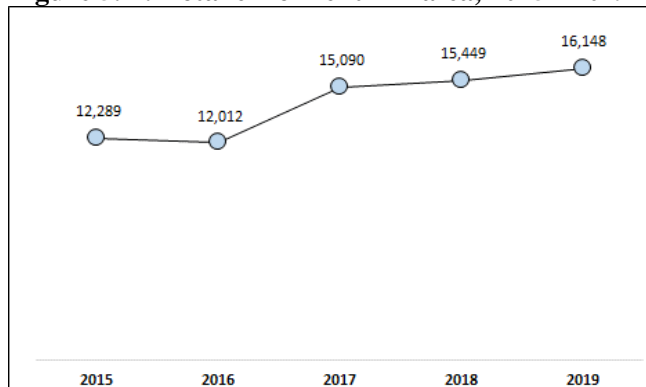

Source: VEMIS

**5.2 Total Enrollments**

Total enrolments stood at 16,148 in 2019. This shows an increase of 5% compared to 2018. 2016 recorded a slight decrease of 2% for student enrolments falling from 12,289 in 2015 to 12,012 enrolments.

**Figure 5. 2: Total enrolment in Tafea, 2015 - 2019**

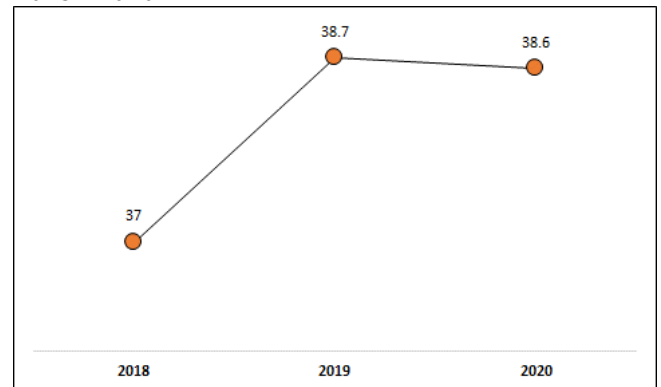

Source: VEMIS

**5.3 Student Classroom Ratio for Primary Schools**

In accordance to VEMIS digest annual reports, Student Classroom Ratio (SCR) is defined as average number of pupils per classroom, and in a school year the ideal size should be 30 students per classroom. The steady growth trend in SCR for Tafea province is above the standard ideal size at 39 students per classroom in 2020. This remained unchanged compared to 2019, however it was an increase of 2 more student compared to 2018 where there are 37 students per classroom.

**Figure 5. 3: Pupil classroom ratio, Tafea Province, 2018 - 2020**

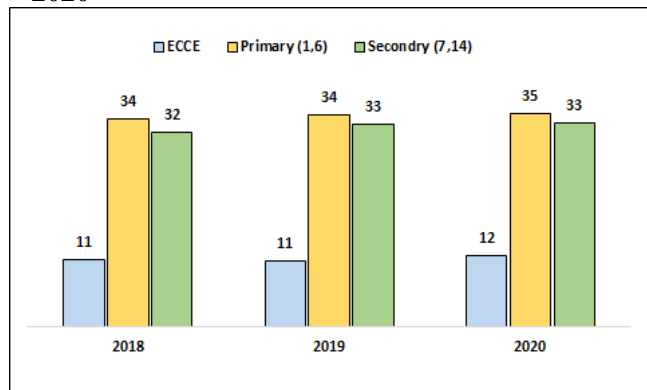

Source: VEMIS

**5.4 Student Teacher Ratio**

According to the MoET regulation order number 44 of 2005, the national Student-Teacher ratio by education level is 15 pupils to 1 teacher in ECCE, 1 teacher to 30 pupils in Primary, and 25-30 students per teacher in Secondary level. For the ECCE level, the student-teacher ratio dramatically increased from 11 in 2018 to 12 in 2020. Primary level shows a high increase of 1 teacher to 34 students in 2018 and 2019 whereas 2020 shows a slight increase in 1:35. Unlike ECCE and Primary, the student-teacher ratio for secondary level in 2018 stood at 1:32, and later increased to 1:33 in 2017 and 2018.

**Figure 5. 4: Student teacher’s ratio for Tafea, 2018 – 2020**

Source: VEMIS

### 5.5 Number of teachers by level of Education

The number of teaching staff by sex indicates that from 2018 to 2020 the number of female teaching staffs is higher than the number of male teaching staffs. Secondary school level, males then outnumbered females as there are more male teachers than female compare to other levels of education were females still dominating.

**Table 5. 1: Number of teaching staffs by gender and education level, 2018 – 2020**

Gender	School Type	2018	2019	2020
Male	ECCE	48	50	49
	Primary(1,6)	803	799	792
	Secondary (7,14)	555	560	498
Female	ECCE	1258	1264	1104
	Primary(1,6)	1105	1129	1141
	Secondary (7,14)	425	428	420

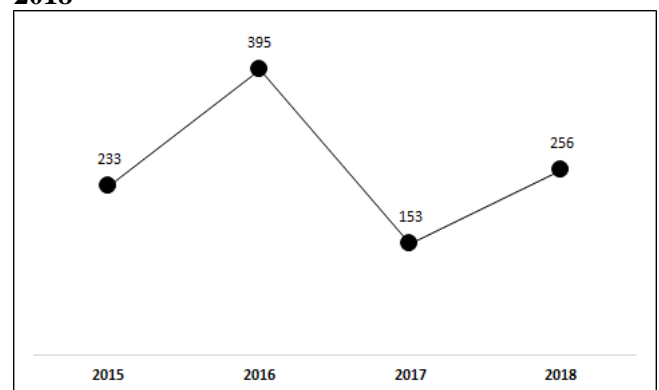

Source: VEMIS

## Justice

### 6.1 Crime Rates

In 2018, the total crimes committed in Tafea Province stood at 256. An increase of 67% over 2017. The lowest crime rate was recorded in 2017 at 153 depicting a huge decline of 61% from 395 in 2016. After the year 2016, crime rates decreased by 15% in 2017 and by 25% from 153 to 256 total crimes recorded in 2018.

**Figure 6. 1: Total crimes recorded in Tafea, 2015 – 2018**

Source: PIMS, Tafea

### 6.2 Offense by type

The following table ranks the “top 10” type of crimes committed during 2015 to 2018. ## Energy

### 9.1 Consumption rate

The consumption of electricity in Tafea has been increasing steadily as shown in the past four years. The total energy produced in 2020 stood at 758 kWh. This is a decrease of 46% when compared to 2019. The total value of energy generated in 2020 stood at VT 11 million. This decreased by 8% when compared to 2019. However, 2019 has the highest energy produced recorded in Tafea province compared to the other years.

**Figure 9. 1: Tafea total energy consumption in kwh**

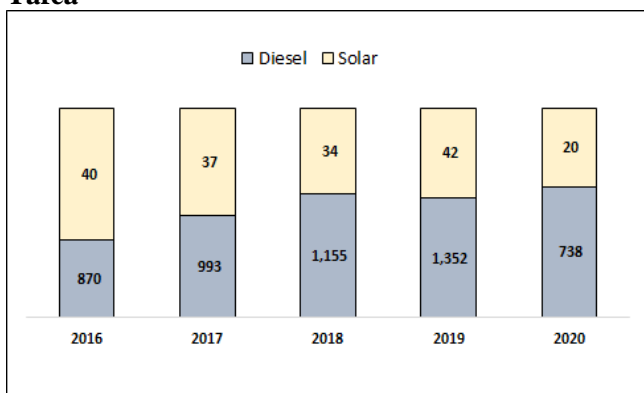

Source: URA

### 9.2 Sources of electricity

Diesel is the major source of electricity in Tafea, accounting for 97% and solar usage accounts for 3% in 2020 of the total Tafea electricity usage. Diesel usage decreased by 45% over 2019. Energy produced from Solar also decreased by 52% over 2019 as well. Additionally, 2020 indicated a decline in the energy production in Tafea province.

**Figure 9. 2: Sources of electricity by usage (kwh) in Tafea**

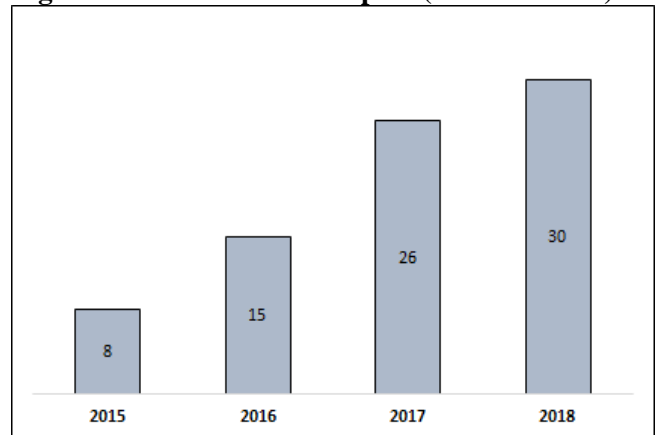

Source: URA

## Production

### 10.1 Coffee-Export

Tafea exported a total of 30 tonnes of coffee in the year 2018. This is an increase of 4 tons compared to 26 tons exported in 2017. The year 2015 recorded the lowest number of coffees tons exported at 8 tons which slowly increased by 7 tons to 15 tons in 2016.

**Figure 10. 1: Total coffee export (in metric tons)**

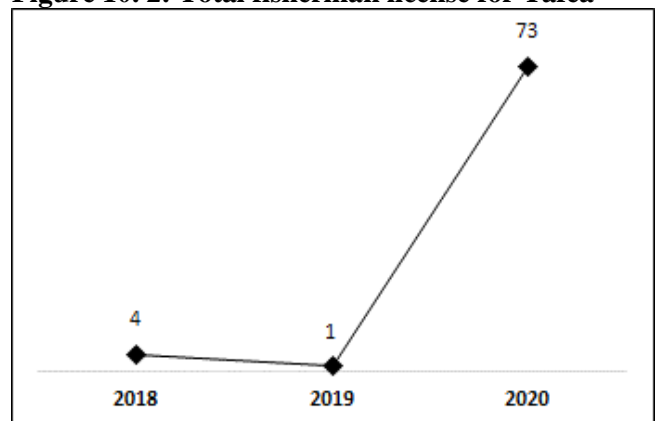

Source: Tanna Coffee

### 10.2 Fisheries

The highest number of licenses issued to fishermen was recorded in 2020 representing 73 of total license. An increase compared to 2019 which recorded only 1 license issued.

**Figure 10. 2: Total fisherman license for Tafea**

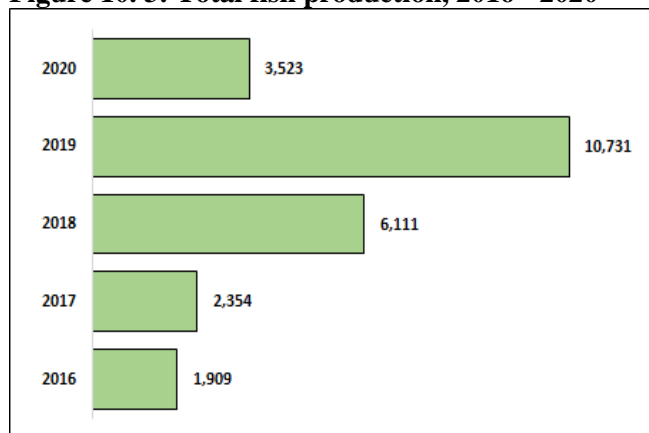

Source: Fisheries Department

### 10.3 Total fish market Production in Tafea

The number of fish productions in fish markets in Tafea continue increasing from 2016 to 2019. A total of fish production recorded in 2020 stood at 3,523, this is a decline of 67% over 2019. The highest fish production recorded was 10,731 in 2019, an increase of 76% compared to 2018

**Figure 10. 3: Total fish production, 2016 - 2020**

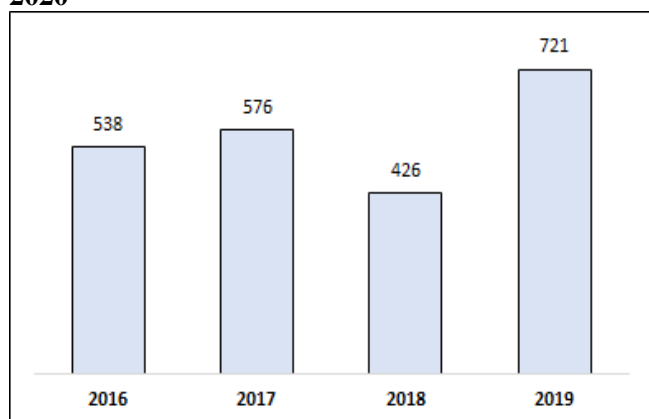

Source: Fisheries Department

## Passport and driving licence

### 11.1 Total Passport

The number of new passports issued was at its highest peak in 2019 at 721 which increased by 69%. Passport receipt recorded the lowest in 2018 with a record of 426 sales.

**Figure 11. 1: Total new printed passports, 2016 - 2020**

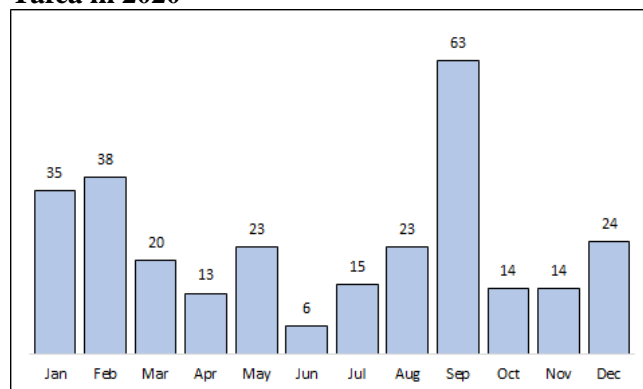

Source: FSB & Immigration Tafea

### 11.2 Total Driver's License for Tafea in 2020

The total driver's license issue in Tafea Province in 2020 was 288. The highest number of driving license was issued in September accounted for 63 driving licenses. The lowest number of driving license issued in 2020 was in June with a total of 6 driver's license. October and November, driver's license has shown a decreased until December where there is an increasing trend compare to October and November.

**Figure 11. 2: Total driver's license by month for Tafea in 2020**

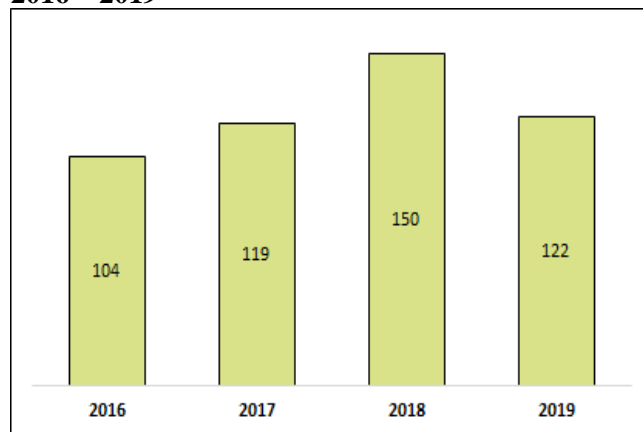

Source: Immigration office, Tafea

## Transport

### 12.1 Vehicle registration

The total vehicle registrations in Tafea province stood at 122 in 2019. This is a decrease of 19% over 2018. The year 2018 recorded the highest number of vehicle registrations at 150 which is an increase of 26% compared to 2017.

**Figure 12. 1: Total vehicle registration in Tafea, 2016 – 2019**

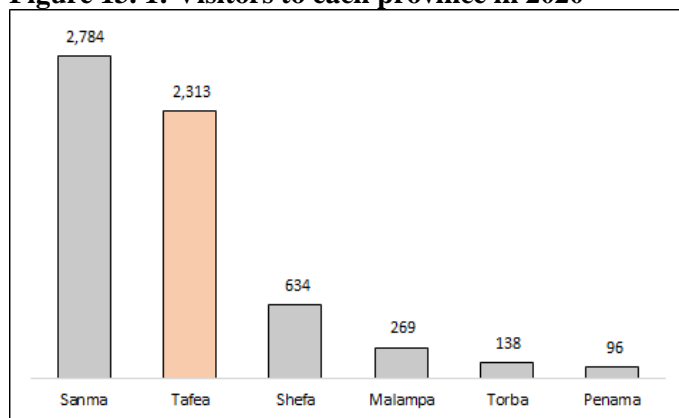

Source: Tafea provincial Government

## 13.1 Provincial visitor's comparison

In 2020, there was 6,234 visitors to Vanuatu and from this figure, 37% visited Tafea. The number of visitors to Tafea province declined by 79% when compared to 2019 attributed by the current COVID 19 Pandemic which forced international border closures in Vanuatu since March 2020.

**Figure 13. 1: Visitors to each province in 2020**

Source: VBoS

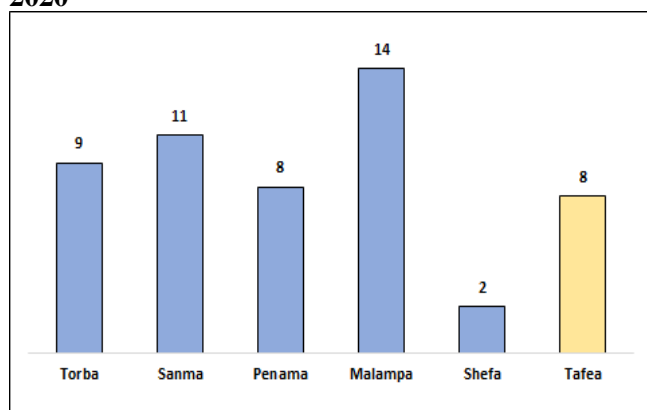

## 13.2 Visitors to the three main islands

Of the total 2,313 visitors to Tafea in 2020. Tanna island had the most visitors at 2,283.

## 13.3 Average Night spent

Average night spent varies across provinces depending on the nature of tourism activities. As evident, in 2020, visitors tend to spend an average of 8 days.

**Figure 13. 2: Total visitor's average night spent, 2020**

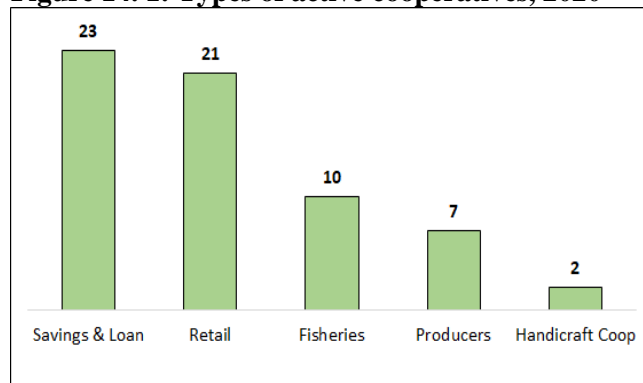

Source: VBoS

## 14.1 Types of Active Cooperatives

By nature of activities occurring in Tafea, majority of the active cooperatives comprises of Savings and Loans, which is highest throughout 2020 followed by Retail, Fishing, Producers and others.

**Figure 14. 1: Types of active cooperatives, 2020**

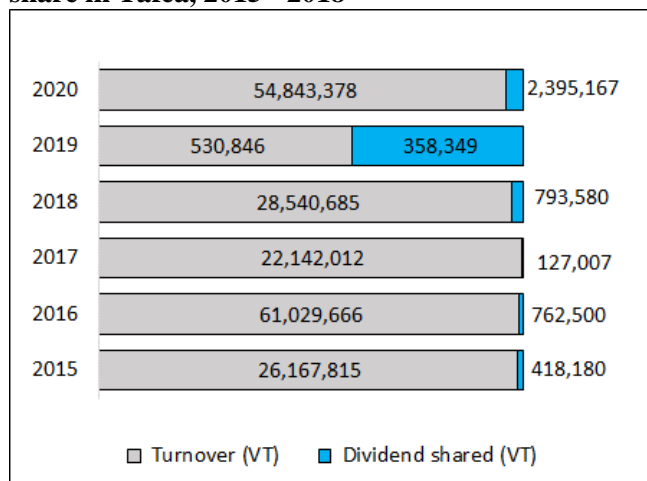

Source: Department of Cooperative, Tafea

## 14.2 Cooperative Membership, Dividend and Savings

Total membership, turnover and the share of dividend to members for Tafea Province has shown a decrease over the year 2017.

- Membership in 2020 stood at a total of 1,802, an increase of 2 members compared to 2019. The year 2015 recorded the lowest number of memberships at 486. This later slowly increased from 2016 onwards.
- The total dividend shared in 2020 stood at VT 2,395,167 million. This is an increase of VT 2,036,818 million compared to 2019. The lowest dividend shared was VT 127,007 thousand recorded for the year 2017.
- The total cooperative savings in 2020 stood at VT 5,256,974 million. This is a decline of 43% when compared to the previous year. The lowest savings recorded was in 2015 with a total of VT 217, 145 thousand.

**Figure 14. 2: Total cooperatives turn over, dividend share in Tafea, 2015 - 2018**

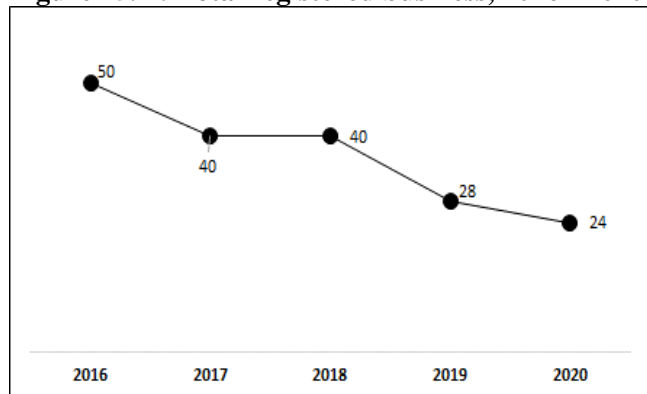

Source: Department of Cooperatives Tafea

## Businesses

### 15.1 Vat Registration

A total of 24 registered business in Tafea province recorded an annual turnover of VT 4 million in 2020. This is a decrease of 14% over the previous year which recorded a total of 28 registered business. The highest number of registered businesses was recorded in 2016 with a total of 50. The number of business registration gradually declined from 2016 until 2020.

## **Provincial Data Challenges**

There are several difficulties associated with the analysis of Provincial level Statistics. The coverage of statistical indicators varies within the geographical distribution. Being one of the main contributing factors, the collection and analysis of the statistical data had a great impact from the range of geographical hierarchy from the Area Council level to the Village level resulting in underutilization of statistical reporting. Thus, the snapshots of most of the socio-economic indicators of analyses were from particular areas within the provincial boundaries, used as a representation of the entire province statistical outlook.

Systems of collection and management of statistical information or data across entities is another contributing factor as most of the data providers do not have a proper system of collection and storage of data. Resources, both financial and human resource capacity contribute to the variation of the data collected.

Statistical literacy continues to be another challenge however with the setup of provincial statistical offices; one of the objectives is to promote statistical literacy and the importance on the use of statistics in all levels of decision and policymaking.

## Key Concepts and Definitions

<i>Domestic Violence</i>	Violent or aggressive behavior within the home, typically involving the violent abuse of a spouse or partner
<i>Energy Consumption Rate</i>	Is the consumption of energy or power and measured in watt-hours
<i>Household</i>	Those persons who usually eat together and share the work of preparing food and/or the cost of work for providing it.
<i>Indicator</i>	An indicator is something that helps you understand where you are, which way you are going and how far you are from where you want to be.
<i>Population Census</i>	A count of a given area resulting in an enumeration of the entire population and the compilation of demography, social and economic information pertaining to that population at a specific time
<i>Population Density</i>	The number of people living per unit area (e.g., Per square km)
<i>Sex Ratio</i>	The ratio of males to females in a population, usually express as the number of males for every 100 females
<i>Statistics</i>	Deals with collection, analysis, interpretation, presentation, and organization of socio-economic data
<i>Student-Teacher Ratio</i>	Expresses the relationship between the number of students enrolled in a school and the number of “full-time equivalent” teachers employed by the school
